Dear

**ESTIMATED ANNUAL BENEFIT STATEMENT AS AT «Event_date»
FIREFIGHTERS' PENSION SCHEME (FPS 2006): RETAINED MODIFIED SECTION**

Welcome to your 2018 Annual Benefit Statement (ABS). We have shown your expected benefits within the FPS 2006: Retained Modified section.

As pension scheme administrators we want to provide you with a pension calculation based on correct information and in accordance with the FPS scheme rules. You may have already received a statement if you are also contracted to work as a regular firefighter; this statement relates only to the benefits following the options exercise relating to the buying of retrospective benefits. You should read your statement and tell us if any of the information shown appears incorrect. Please use the above email address to raise any queries regarding your **ABS only** in relation to the information provided in this statement.

This estimated benefit statement is for illustration purposes only. It is not a 'final retirement benefit offer'. You should not enter into any financial commitment based on this information alone.

Your statement is made up of three main areas:

- Personal Details: please check these.
- Summary of your benefits as at «Event_date» if you had left the pension scheme or died on this date.
- Benefits payable at your FPS 2006 Retained Modified section's Normal Pension Age (NPA)*, this is age 55.

* If you have passed your NPA the projected benefits will be the same as the value of your benefits as at «Event_date».

You can read additional information about your statement at: www.myownpension.co.uk. Once you select the Firefighters' area of the website, simply select the 'ABS' tab from the horizontal banner and open the notes that match your circumstances. You may find it helpful to access those notes whilst reading your statement.

Please note that neither Kier nor your Fire & Rescue Authority can provide financial advice regarding the information contained in your ABS. If you require help in choosing an independent financial advisor please consider using the link to the money advice website: www.moneyadvice.service.org.uk/en/articles/choosing-a-financial-adviser.

Any comment you wish to make about this statement, or the service you have received from the Pensions Unit, would also be welcome.

Yours sincerely

Graeme Hall
Head of Pensions

Membership Details (Service)

Employer	From	To	Period of membership (years & days)

Shown above is a breakdown of the elements of service relating to your final salary benefits within the modified section of FPS 2006 up to «Event_date».

Lifetime Allowance (LTA)

The LTA is the maximum amount of tax relieved pension benefits that you can build up over your lifetime. The standard LTA is currently £1 million for tax year 2017/18. On the 6 April 2018 the standard LTA increased to £1.03 million.

Annual Allowance (AA)

You will usually pay tax called an AA charge if your pension savings grow by more than the AA limit. The standard AA is currently £40,000 a year. If you are affected by a breach of AA we will contact you by 6 October 2018.
